

MORTGAGE Loan Origination System (LOS)

trusted solutions. credit union values.

Mortgage Cadence is a fully-compliant, web-based, comprehensive, end-to-end loan origination system.

It meets **all of your needs** – as a modern and intuitive borrower portal through post-closing and delivery, including documents, to services and imaging. NMS offers you use of this system at a **discounted rate!**

Mortgage Lending = People + Process + Technology. This is the LOS for success.

The best loan origination software should provide your credit union **one system of record** and all data **fully-integrated** into the platform, from **origination to post-close**. This system provides:

Fully-compliant, web-based technology

- Compliance, legal & security
- Online application entry
- e-Disclosures & e-Sign

Hosting of all mortgage loan types

- Branded with your CU logo
- Host all mortgage loan types
- No limit on system users

Integrated & user friendly applications

- Desktop Underwriter® (FNMA) & Loan Prospector® (FHLMC)
- Early Check & Credit Reports
- Member can upload docs

A valuable investment in technology for your team and members.

The Mortgage Cadence platform benefits lenders in many ways, the greatest among them is its single system of record for streamlining loan information. Organizing the data leads to improvements in your speed to close. The Mortgage Cadence system is the real deal; you can access it at a **discounted rate** as a partner with NMS.

Contact Brian for a **FREE DEMO** of Mortgage Cadence to visualize how it can increase your ROI.

“Mortgage Cadence is working great for our credit union. System implementation and maintenance is taken care of by NMS so we can focus on growing mortgage loans. We wanted a partner that would let us use their LOS while allowing us to originate, process, underwrite, close, & service our mortgage loans. At anytime, we can ask NMS to step in and help us process, underwrite and close a loan. This provides peace of mind for us and is a value-added service to our members.”

David Rautiola, CEO – Michigan Tech Employees FCU (MI)
